Figure 1 is a scatter plot showing the spatial distribution of 100 stations in the Yangtze River delta. The plot is divided into four quadrants by a horizontal line at 15 and a vertical line at 15. The quadrants are labeled 34, 44, 33, and 43. The stations are represented by black dots, each labeled with a station number. The axes are labeled from 10 to 20. The plot shows a dense distribution of stations across the region, with some stations marked with an 'x'.
